SHARE OUR SHORES PROGRAM UPDATE

BARWON COAST COMMITTEE OF MANAGEMENT INC.

Who are Barwon Coast?

Barwon Coast Committee of Management is responsible for managing 13kms of coastal reserve from 7W Collendina at the east of Ocean Grove to 42W at the western end of 13th Beach. We aim to conserve the natural values of the area and provide safe and equitable access to the coastal reserves for all users,

Share our Shores

The ShareOurShores Campaign focuses on all aspects of equitable use by all types of beach users. Current projects running under the ShareOurShores Banner include 'Responsible Boating Behaviour', 'Reducing Human Impact on Sand Dunes' and 'Responsible Pet Ownership' which includes a focus on Dogs on Beaches.

Coastal Management Research

Federation University Australia conducted a survey as part of a broader study on coastal management on the Barwon Coast to help inform the Share Our Shores program. The survey is now closed with over 1500 surveys completed - a great community effort!

Researchers are now busy analysing the data and will come back to Barwon Coast with a summary report and some suggested ways forward to better manage our coastline. We look forward to sharing this with you in July 2018.
